## HACKER'S CREEK JOURNAL XIII

1994-1995

The compilation of this index encountered numerous problems along the way. Ellie Maroon who has indexed the Journals for a number of years had completed the index when she had a computer crash and she lost the data. She re-entered it all. Again there was a crash - this time with the program.

Because Ellie does not have Windows, each item had to be entered individually. And, we would also have to buy another program, since the one she was using was very old.

A plea was put out through the HCPD Online users group and Billie Jo Runyon agreed to do the index for a third time. She had an advantage. Because she did have Windows, she was able to use the computerized Journals for the last two issues of 1994-95 and greatly reduce entry time.

Many thanks to Ellie and Billie Jo for everything they did to help us get this to you.
